30 May 2013

Dear Sirs

I should like to apply for the position as an Electrician, as advertised recently. I am a fully certified PAT tested Electrician and have been qualified for 15 years, including to the latest level as dictated by recent Government legislation. I am used to working on large contracts including new installs and refurbishments of office premises and have run a team over-seeing several projects simultaneously.

I am interested in applying for this position as I like to work with a team and feel that the size and scope of the various projects your firm is engaged in will give me that opportunity. My work is always highly recommended and I take a great pride in a job well done to a professional and consistent standard.

I am now seeking to relocate to your area hence applying for this job.

I am available for interview at your convenience and references are available on request.

I attach my CV and look forward to hearing from you as appropriate.

Yours faithfully

Lance Winslow
