Dear Sirs,

I am applying for the Customer Assistant role at your Card Factory store in Sheffield and enclose my CV and references for your consideration.

With over 2 years of customer service experience in a busy retail unit, a desire to succeed in any situation and a passion for ensuring each customer is able to find what they are looking for I consider I am an excellent candidate for the role.

Having purchased many gift items from the Card Factory where each time I was greeted with a friendly face and was able to find the products I was looking for at a reasonable price, I am confident that I understand your market and would be a true asset to your company.

I hope you will consider my application favourably and look forward to hearing from you to discuss my experience further or arrange an interview.

Yours sincerely,
