20 May 2014

Dear Sir/ Madam,

I was extremely interested in your advertised role as a dental technician, and would like to be considered for this position

I attended courses at college and trained for this role with excellent dental surgeons who are the best in their field. I have also obtained significant experience working for a dental surgery.

I am very interested in this area and am constantly looking to develop my knowledge and skills in this area. I read a lot of dental journals regularly to update myself on new developments.

I enjoy working in a team environment, and I am a very highly motivated individual with strong aspirations.

The reason why I am interested in working for your surgery is that it has a extremely high reputation, and has several patients who praise it highly. I am highly ambitious and would relish the opportunity to work for such an excellent organization. Yours staff are highly skilled and noted in the industry for being the best in the field and I would like to develop my career in line with my ambitions. Also I note that you have strong opportunities for promotion.

I attach my CV with details of my past experience and education. I have also included my references. I look forward to hearing from you.

Kind regards

Your name

Your Address
