Dear Sir/ Madam,

I was extremely interested to read of your role as a manufacturing engineer, and would like to be considered for this position. I am highly experienced in this area, and I have strong technical abilities.

I am a very professional and reliable worker. I always make sure that all of my work is to the highest possible standard achievable. I enjoy problem solving, and challenges. This is the part of my work that I enjoy the most, and I generally take a proactive approach in everything that I do.

I believe that I am an excellent team worker, and the staff that I have previously worked with was in a very team orientated environment. I have good communication skills and the ability to express myself clearly.

I am very ambitious, and the reason that I am applying to your company is that it is highly reputable, and I feel that it would make an excellent platform for me to boost my career forwards. I do hope that I will get the opportunity to work with your firm in the future, as I feel that I would make an excellent asset.

I attach my CV, which details my work experience and education. Please feel free to contact the references mentioned if you so wish. I look forward to hearing from you.

Yours sincerely
