Dear Sir/ Madam,

I am extremely interested in applying for your university starting in September 2012.

I am extremely interested in this area as evidenced by the fact that I studied subjects relating to this in my A levels. I have also taken the initiative to go and get work experience in order to further my knowledge.

I am also involved with a variety of extra curricular activities that your university encourages including sports. I would like to get involved with several of your societies and also take a part in student politics. Evidently I have been involved in these activities in the past and so therefore I will make an excellent addition to your students.

It would be a privilege to study at your university as you have such a high reputation and have excellent top in their field lecturers.

I believe that studying with you will enhance my career and open many doors for me in the future. I believe that as you have such highly regarded alumni as part of your university that all students are given an excellent platform for success.

I hope that you will consider my application favorably. I eagerly await your response.

Yours sincerely

Your name

Your Address
